The Differential Price to be added to the bid price of each bid during evaluation and comparison shall be derived as under:

Differential Price (DP) = $n_1F_1 + n_2F_2 + \dots + n_nF_n$ where F_1, F_2, \dots, F_n are the various factors in Indian Rupees per unit of parameter differential or deficiency in the Equipment/Materials offered as stipulated in these Specifications; n_1, n_2, \dots, n_n are the respective parameter differential or deficiency in the corresponding units to be determined from the bidder's proposal. - GCC.28.5.7. If the commissioning does not take place within the validity period of the Bank Guarantee, the validity shall be extended from time to time up to a period not exceeding three (3) years from the date of readiness of the system for commissioning. The Contractor shall be also required to extend the validity of the Contract Performance Guarantee so that it remains valid up to a period of one (1) year beyond the validity period of the Bank Guarantee against which final payment has been released to the Contractor.
- GCC.28.5.8. In exceptional circumstances where it is assessed that the system cannot be commissioned at specified voltage within a period of about three (3) years from the date of physical completion/ readiness of the system for commissioning, because of reasons not attributable to the Contractor, the system shall be taken over by WBSETCL without commissioning as a special

case. The Bank Guarantee against which final payment is released to the Contractor shall be returned to the Contractor.

- GCC.28.6. For Works involving Commissioning at reduced voltage
- GCC.28.6.1. If for the purpose of power flow/ system stability/system strengthening requirements, commissioning at reduced voltage is considered necessary, or it is assessed by the Purchaser that commissioning at specified voltage is not likely to take place within a period of one (1) year from the date of Contractor's notice, the Works can be taken up for commissioning at reduced voltage.
- GCC.28.6.2. In case, the commissioning of the Works has been delayed, the Contractor shall be required to extend the validity of the Bank Guarantee against which final payment has been released to the Contractor in accordance with GCC.28.5.6. The Bank Guarantee shall be required to be extended, in stages, up to a maximum period of two (2) years after commissioning of the system at reduced voltage or till three (3) months after commissioning at rated voltage, whichever is earlier. The Contractor shall be also required to extend the validity of the Contract Performance Guarantee so that it remains valid up to a period of one (1) year beyond the validity period of the Bank Guarantee submitted in accordance with GCC.28.5.6.
- GCC.28.6.3. On commissioning of the system at specified voltage or upon the expiry of the period of two (2) years after commissioning of the system at reduced voltage, whichever is earlier, the TOC shall be issued by WBSETCL, within fifteen (15) days.
- GCC.28.6.4. The Bank Guarantee submitted in accordance with GCC.28.5.6 shall be returned to the Contractor on commissioning at rated voltage/ issuance of TOC.
- GCC.28.7. If the Project Manager fails to issue the Completion Certificate and fails to inform the Contractor of any defects and/or deficiencies within twenty-one (21) days after receipt of the Contractor's notice under GCC.28.1 or within ten (10) days after receipt of the Contractor's repeated notice or if the Purchaser makes use of the Works or part thereof, then the Works or that part thereof shall be deemed to have reached Completion as of the date of the Contractor's notice or repeated notice, or as of the Purchaser's use of the Works, as the case may be.
- GCC.28.8. As soon as possible after Completion, the Contractor shall complete all outstanding minor items so that the Works are fully in accordance with the requirements of the Contract, failing which the Purchaser will undertake such completion and deduct the costs thereof from any money owing to the Contractor.
- GCC.28.9. Upon Completion, the Purchaser shall be responsible for the care and custody of the Works or the relevant part thereof, together with the risk of loss or damage thereto, and shall thereafter take over the Works or the relevant part thereof.

GCC.29. Taking Over

- GCC.29.1. The Works shall be taken over by the Purchaser after completion, either in full or in part (where for part completion, separate completion schedule has been provided in the Contract), upon successful erection, testing and commissioning of Works at Site by the Contractor in accordance with provisions of Contract.
- GCC.29.2. On successful completion of Works or any part thereof as provided in GCC.29.1 and upon request of the Contractor for taking over the Works and issuance of TOC, the Purchaser shall, within forty-five (45) days after the receipt of the Contractor's application, or within fifteen (15) days from the date of actual handing over of relevant Works, either issue the TOC or reject the application giving his reasons and specifying the work required to be done by the Contractor to enable the TOC to be issued
- GCC.29.3. TOC is issued to the Contractor on stating the date on which the Works or any part thereof were complete and ready for taking over, after ascertaining the following:
- a. The Works under the Contract have been satisfactorily completed by the Contractor as per the provisions of Contract.
 - b. Submission of required number of reproducible of approved as-built drawings (hard copies & soft copy in CDs), design documents duly authenticated by Purchaser, O&M manuals, data sheets, test reports, pamphlets and manuals of spares, maintenance and testing equipment by the Contractor

- GCC.29.5. Notwithstanding the above mentioned provisions, the issuance of TOC shall not be held up for delay in completion/ rectification of works of minor nature that do not affect the performance/ use of the building/installation/ equipment/sub-system/system at rated voltage. In such a case the Contractor shall however be required to give an undertaking that in case he fails to complete/rectify within a mutually agreed period, the Purchaser shall be at liberty to carry out the work at his risk and cost, and deduct an amount as may be considered appropriate by the Purchaser.

- GCC.29.6. F. Guarantees and Liabilities

GCC.30. Liquidated Damages

- GCC.30.1. If the Contractor fails to attain Completion of the Works or any part thereof within the Time for Completion or any extension thereof under GCC.42, WBSETCL shall recover from the Contractor as Liquidated Damage (LD) for such default and not as a penalty without prejudice to WBSETCL's other remedies under the Contract. For imposition of LD, the loss/ damages suffered by WBSETCL due to delays by the Contractor are the basic criteria. In respect of any part of the Works where TOC for such part has been issued separately and the aforesaid part of the Works was completed within the Time for Completion specified in the Contract, the liquidated damages for such part of the Works shall not be levied, provided other conditions for non imposition of liquidated damages as prescribed in the Contract are met.
- GCC.30.2. In order to keep the Contract alive, provisional time extension will be granted to the Contractor so that delayed supplies/ services can be accepted by WBSETCL. A written communication in this regard shall be issued by the Project Manager to the Contractor. Such provisional time extension will be without prejudice to all the obligations of the Contractor under the Contract and further without prejudice to WBSETCL's right to levy LD and other rights under the Contract.
- GCC.30.3. The recovery towards compensation should take place when loss/ damage have actually taken place on account of delay caused by the Contractor. Even if there is a delay in execution of the Contract and reasons for delay are attributable to the Contractor but WBSETCL has not suffered any loss specifically due to delay in performance of the Contract, no sum as LD is recoverable from the Contractor. However, in such cases, a nominal LD as described in GCC.30.7.1 will be recovered.
- GCC.30.4. Delay in performance of the Contract may be attributed to one or more of the following, viz., and Purchaser, Contractor and Force Majeure conditions as per GCC.39.
- GCC.30.5. The decision on LD will be taken considering detailed analysis indicating reasons & period of delay on each account. Based on the analysis, the period of delay due to Force Majeure as per GCC.39 and for reasons attributable to WBSETCL will be identified to find out the net delay, which is attributable to the Contractor. The approach to work out the net delay attributable to the Contractor is described below:
- a. Total delay that has occurred in a Contract = A
 - b. Cumulative period of delay on account of Force Majeure = B
 - c. Cumulative period of delay on account of WBSETCL = C

- d. Concurrent cumulative period in (b) & (c) = X
- e. Cumulative period of delay on account of Force Majeure and WBSETCL = B+C-X
- f. Net period of delay attributable to the Contractor, $Z = A - (B + C - X)$

While calculating the period of delay, all delays, which are not found to be directly contributing in extension of completion period, will be ignored.

GCC.30.6. In case the period Z, arrived at as per GCC.30.5, is not positive, the time extension, till the actual completion of the Works, shall be allowed without any LD. In case the period Z, arrived at is positive, action will be taken as described hereunder.

GCC.30.7. WBSETCL will examine the loss suffered on account of the delay Z.

GCC.30.7.1. ~~If no loss has occurred, the time extension, till the actual completion of the Works that exactly matches the period Z, shall be allowed without any LD. In case the period Z, arrived at is positive, action will be taken as described hereunder.~~

**NOT
APPLICABLE**

~~“The amount of loss/damage suffered by WBSETCL is more than the full LD as applicable for a delay of period Z, as per GCC.30.8, the latter shall be the amount of LD to be levied. If the amount of loss / damage suffered by WBSETCL is less than the LD as applicable for a delay of period Z, as per GCC.30.8, the sum of the amount of loss/damages and token LD, worked out in the manner explained above, shall be levied. However, the total amount arrived at in this manner shall not exceed the full LD amount applicable as per GCC.30.8.”~~

GCC.30.7.2. In case, WBSETCL has suffered loss, the time extension, till the actual completion of the Works shall be allowed with imposition of LD as described below:

- a. If the amount of loss/ damages suffered by WBSETCL is more than the full LD as applicable for a delay of period Z, as per GCC.30.8, the latter shall be the amount of LD to be levied
- b. If the amount of loss / damage suffered by WBSETCL is less than the LD as applicable for a delay of period Z, as per GCC.30.8, the sum of the amount of loss/damages and token LD, worked out in the manner explained above, shall be levied. However, the total amount arrived at in this manner shall not exceed the full LD amount applicable as per GCC.30.8.

GCC.30.8. Calculation of Liquidated Damages

A sum equivalent to half percent (0.5%) of the ContractPrice for each week of delay or part thereof which will elapse between the schedule time for completion and actual time for completion of the Work. The calculation of liquidated damages on the part of the Works shall be regulated as per GCC.30.1. The total recovery against liquidated damage, however, shall not exceed five percent (5%) of the total ContractPrice. Total Contract Price shall imply the Contract prices of all the schedules of Work taken together.

- GCC.30.9. WBSETCL may, without prejudice to any other method of recovery, deduct the amount of such damages from any money due or to become due to the Contractor. The payment deduction of such damages does not relieve the Contractor from his obligation to complete the work or from any of his other obligations and liabilities under the Contract.
- GCC.30.10. Works will be deemed to have been delivered/ completed only when all component parts/ all items of Works are also delivered/ completed. If certain components/ items of Works are not delivered in time, the same will be considered as delayed until such time due missing/ incomplete parts/ items of works are delivered/ completed.
- GCC.30.11. In addition to the above, LD for delay under one Contract shall also be applicable to the other Contract under the same divisible Contracts as per cross-fall breach clause i.e. in case of delay under erection Contract, LD will also be recoverable from the relevant supply Contract and vice-versa. All the LDs will run concurrently.

If such part fails the tests, the Contractor shall carry out further repair, replacement or making good (as the case may be) until that part of the Works passes such tests. The tests, in character, shall in any case be not inferior to what has already been agreed upon by the Purchaser and the Contractor for the original part of the Works.

GCC.31.9. If the Contractor fails to commence the work necessary to remedy such defect or any damage to the Works caused by such defect within a reasonable time (which shall in no event be considered to be less than fifteen (15) days), the Purchaser may, following notice to the Contractor, proceed to do such work, and the reasonable costs incurred by the Purchaser in connection therewith shall be paid to the Purchaser by the Contractor or may be deducted by the Purchaser from any money due to the Contractor or claimed under the Performance Securities.
